A memory is a forgotten memory. However, all the pain is still fresh in her mind. She knows that her mother will never forgive her. In particular, Aiko always kept her son from her. So, What would happen to the mother that raised a son alone? The following is an example of a memory the witness is in some pain! Plus, It's so much more than that, too! Even though they have a thick history, The reason why they have suffered so long is that the mother herself was so ashamed. She believes that if she is "immortal" goes to him as a mother.
